

Survey of Public Use

Naples region – Gaviota Coast

Local community groups (including the Gaviota Coast Conservancy and Naples Coalition) are investigating public uses made of open areas and pathways into and throughout the “Naples” region of the eastern Gaviota Coast in Santa Barbara County. All areas of public use are of interest, including the bluff, open areas between the highway, railroad and Pacific Ocean. **Information about use of the beach is not necessary.** The investigation is for the purpose of determining whether any public rights exist on these lands by reason of past public use. Your answers to this Questionnaire will be appreciated. If you have used any of these areas, please take a few moments to complete, sign and return this Questionnaire to:
